Attached hereto is the marked up copy of Tables 1 and 3 as Appendix A.

**REMARKS**

The Examiner has required amendment of the application to identify the sequences disclosed therein with SEQ ID NOs. A review of the specification and drawings shows that sequences were disclosed only in Tables 1 and 3. Tables 1 and 3 have now been amended to provide SEQ ID NOs which are assigned in the Sequence Listing filed with the application.

Applicant believes that the application now meets all of the Sequence Listings Requirements under 37 CFR§1.821(a)(1) and (a)(2) and should be acceptable. No new matter has been presented. Entry of the amendment and the substitute Tables 1 and 3 are requested.

Respectfully submitted,
